

Safety Covers: Deck-Locking System

FEATURES & BENEFITS

- White thread (triple stitching) cross tack & box tack at all perimeter stress points.
- Straps run on both top and bottom of the cover for added strength.
- Raised rub strip to prevent chafing on coping.
- Non-Porous, tight mesh, giving the maximum of strength.
- Reinforce webbing top and bottom on every seam and around the perimeter.
- All covers are manufactured by the most modern of equipment including a computerized cutting and shaping system.
- All specials are drawn and verified by the most sophisticated of CAD(Computer Aided Design) systems.
- All Covers throughout every stage of production are quality checked and signed for before final packaging.
